REPEAL FREE TOLLS WAS TOPIC

Congress Considers President's Recommendation on Canal Law Exemptions

MANY DEMOCRATS OPENLY OPPOSED TO SUCH PLAN

Act Would Repudiate Platform of Party—Railroad Ships Said as Real Issue

WASHINGTON, Feb. 6.—Congress today considered President Wilson's recommendation to repeal the coastwise vessels toll exemption provision of the Panama Canal law. The President's recommendation practically repudiates one of the planks of the Democratic platform since the Baltimore convention went on record as favoring the law.

Administration leaders seemed sure the House would act promptly, despite the fact that many Democrats are avowedly opposed to the President's plan. It is believed the President will soon deliver personally a message on the subject.

Railroad Ships at Issue

Almost overshadowing the free toll question, interest is being centered on the attitude of the administration with reference to that portion of the canal act which prohibits the use of the waterway to railroad-owned ships.

At the time of the passage of the canal act, the ships owned by the Canadian railroads were included in the prohibition, as the Canadian railroads came under the purview of the Interstate Commerce act.

Great Britain has served notice that it does not construe the railroad provision to apply to ships flying foreign flags, and if the United States constructs the act otherwise a formal protest will follow.

Representative Knowland, Senator Britton, Senator O'Gorman, Senator Chamberlain and others have repeatedly charged that the real Panama Canal controversy is based on the prohibition against railroad-owned ships, and that if the free tolls provision is repealed the next move will be to cancel the clause relating to the railroads.

NEW HAVEN ROAD LOOT DISCUSSED

Names of Wreckers Profiting Asked For—Barah Urges Stripes and Prison

WASHINGTON, Feb. 6.—The Senate today debated the alleged looting of the New York, New Haven and Hartford railway. Senator Norris presented a resolution demanding the names of those profiting by the "wrecking of the corporation." He discussed Interstate Commissioner Prouty's statement that \$12,000,000 had disappeared into thin air. He read quotations from various papers saying the J. P. Morgan company got the money. Barah of Idaho declared:

"If the five or six men who looted the road were wearing stripes behind prison bars, it would have a tremendous effect on the morals of the country."

JAPAN NAVAL SCANDALS MENACE GOVERNMENT

TOKIO, Feb. 6.—The minority party in the Japanese parliament has decided to impeach the administration on account of the discovery of alleged grafting in the navy. Their number is not sufficient to cause removal unless aided by the majority, but a terrific scandal is expected.

DANISH PRINCE A BOY SCOUT COPENHAGEN, Feb. 6.—Crown Prince Frederick, who, with his younger brother, Prince Knud, joined the Danish Boy Scouts last year, today was appointed "English translator" for that organization. He won the job by fulfilling three tasks—writing a long and really clever essay in English on the boy scout movement, translating an article from a London newspaper, and in conversing in English for an hour.

SENATORS RECOVERING WASHINGTON, Feb. 6.—Senator Stone of Missouri, who is on the senate sick list, is convalescing from the grip. Senator La Follette of Wisconsin has so far recovered from an attack of neuritis that he was at the capital yesterday.

Riches in Gold Bullion Cached on Kansas Farms

LARNED, Kans., Feb. 6.—Gold bullion worth \$30,000 was unearthed in Hodgeman county today according to reports here, and yesterday bullion worth \$6300 was found. It is believed that Colorado miners cached the gold during the Indian massacres of the early sixties. More than \$900,000 worth of bullion was reported to have been buried at that time. The ranchers are guarding their farm lands from an inrush of gold hunters today.

Bundy's Sentence is Again Postponed LOS ANGELES, Feb. 6.—The sentencing of Lewis Bundy for the murder of Harold Ziesche is postponed until next Tuesday, on request of Bundy's attorney.

KELLY OF KELLY'S ARMY FAME SEEKS TO ORGANIZE ARMY SAN FRANCISCO, Feb. 6.—Charles W. Kelly, a Lieutenant in "Coxey's Army" and division commander in the later "Kelly's Army," began a series of open-air speeches here to organize another army for a transcontinental march to Washington to lay the grievances of the unemployed before the President. Kelly is addressing his talks to jobless men. He believes he will be able to recruit an army of 2,000 men here, and that it will increase to 20,000 as he crosses the country.

WILHELMINA ASKS U. S. TO CALL THIRD PEACE CONFERENCE WASHINGTON, Feb. 6.—Secretary Daniels is arguing dry docks for two coasts

WASHINGTON, Feb. 6.—Secretary Daniels of the navy department told the house naval affairs committee today it was essential to the efficiency of the navy that there should be built immediately on the Atlantic and Pacific coasts drydocks capable of accommodating the modern battleships.

It was estimated by experts of the navy department that each of the dry docks will cost about \$3,000,000. It will take two years to build them.

The navy department has recommended that the Pacific drydock be located at Bremerton Station, Puget Sound, Washington.

WASHINGTON, Feb. 6.—The United States, it became known at the White House yesterday, has issued a call for the holding of the third peace conference at The Hague next year. This government took this action, it is understood, at the request of Queen Wilhelmina of Holland.

WASHINGTON, Feb. 6.—Secretary Daniels signed a peace treaty with the Wellesley girls will give tonight in the Mary Hemmenway gymnasium, scene of countless Terpsichorean events of other years. As result of the faculty ban on the wiggly tangos, the girls are sad. Gloom about the classrooms today could be cut with a knife. The senior "prom" generally is attended by scores of Harvard students, and as Harvard men have gone in for the tango at all of their dances, the girls feared the annual "prom" this year would be dubbed a frost.

POST-BORING BEE ESCONDIDO, Feb. 6.—The dreaded Honolulu bumble-bee, which destroys wooden fence posts and telegraph poles in the Hawaiian Islands, has been found in Escondido. The bee was discovered by N. M. Hayward of Los Angeles, who is here on a visit. He states that the Honolulu bumble-bee cuts off the posts and poles by boring holes all through them.

WASHINGTON, Feb. 6.—The dredged Honolulu bumble-bee, which destroys wooden fence posts and telegraph poles in the Hawaiian Islands, has been found in Escondido. The bee was discovered by N. M. Hayward of Los Angeles, who is here on a visit.

Comstock wanted a woman arrested who he thought was guilty of sending a threatening letter through the mails.

COMSTOCK ORDERED OUT NEW YORK, Feb. 6.—Anthony Comstock was ordered from the federal district attorney's office yesterday by United States Assistant Attorney Edwin M. Stanton, after he had made a spirited attack upon the latter.

Comstock wanted a woman arrested who he thought was guilty of sending a threatening letter through the mails.

MOTION PICTURE FILMS ARE BARRED FROM PARCEL POST PORTLAND, Ore., Feb. 6.—Motion picture films, because of their inflammable nature, are barred from shipment by parcel post, according to orders received from the postal department by Postmaster Frank Meyers.

NAVAL GRAFT IS AGITATING JAPAN

Overthrow of Ministry Seems to Be Imminent Since Airing of Scandals

PUBLIC OPINION FORCES OPPOSITION TO ACTION

Open Attack Made on Ministry; Public Meetings Arouse Strong Sentiment

SEATTLE, Feb. 6.—The following cablegram was received today by the North American Times, a Japanese publication:

TOKYO, Feb. 6.—The downfall of the present ministry seems imminent. It is feared there will be a repetition of the public disturbances which occurred last year on account of the feeling aroused over naval graft scandals.

Public expression of opinion has become so bitter that Inusku, leader of the opposition to the present ministry, no longer could keep silent. Yesterday he openly attacked the government, and a combined effort will be made by all parties opposing the ministry to secure its removal.

At a meeting of the Constitution Protection League yesterday at Seiyoen various leaders spoke. Other public meetings were held, and such a general opinion was aroused that it seems certain the ministry must fall.

TRAFFIC HAMPERED BY BLIZZARDS AND SNOW CHICAGO, Feb. 6.—Railroad traffic throughout the Middle West is being hampered today by one of the worst blizzards of the season. The snowfall here is delaying street car traffic. A fierce northwest gale is blowing.

Women Nearly Frozen On Lake

A tug today rescued two partially frozen women, Mrs. May Smith and May Wade, from a water crib two miles off shore after exposure all night. They had visited the crib during the day with the crib tender, William Connell, Jr., and Stephen Varley, a commission merchant. The men later rowed ashore, and attempted to return through the ice with "Lefty" Wilson. The boat was jammed on the ice and was lost. All are believed to have drowned.

Blizzard Sweeps Minnesota ST. PAUL, Feb. 6.—A terrific blizzard is sweeping central and northern Minnesota which promises to be the most serious storm of the winter.

NAVY FLYERS LIKELY TO ENTER THE AERIAL RACE

Dirigible Airship Ordered for Panama Fair at Cost of Quarter of Million

WASHINGTON, Feb. 6.—Secretary Daniels has voiced enthusiastic approval of the proposed aeroplane race around the world as an attraction for the Panama-Pacific Exposition at San Francisco next year.

"The prize offered," he said, "is sufficient to tempt the best flyers. I believe that such a contest will give aviation the greatest impetus it has yet received.

"Present records for altitude and sustained flight undoubtedly will be broken. Navy flyers will be permitted to enter the race if the naval board is willing. However, I shall consult with the board before taking any definite action in the matter."

It was estimated by experts of the navy department that each of the dry docks will cost about \$3,000,000. It will take two years to build them.

The navy department has recommended that the Pacific drydock be located at Bremerton Station, Puget Sound, Washington.

Highway Commissioners Will Rush Good Roads Work from Now On

The Laguna Beach road, from Irvine to the beach, a distance of ten miles, is the next road that the County Highway Commission will ready for contract. Bids will be advertised within two weeks.

Soon after that bids will be called for building the Westminster-Seal Beach road. It is the intention to have the beach roads completed as nearly as possible before the heavy winter traffic begins.

Yesterday the Highway Commission inspected several good roads jobs, the Talbert bridge and the county gravel pit.

Good roads work will be rushed from now on. The gravel pit is repaired and running full blast. Crushed rock is available, and roads will be finished rapidly.

MOTION PICTURE FILMS ARE BARRED FROM PARCEL POST PORTLAND, Ore., Feb. 6.—Motion picture films, because of their inflammable nature, are barred from shipment by parcel post, according to orders received from the postal department by Postmaster Frank Meyers.

MISSION NIGHT MEETING HELD

Two Interesting Speakers Give
Addresses on Situation
in China

(By Staff Correspondent)
ORANGE, Feb. 6.—The Mission Night meeting at the First Presbyterian church last evening was one of the best of Christian Endeavor week. It was featured by the presence of two interesting speakers, Dr. Chung and H. E. House, both of whom recently from China.

Dr. Chung is dean of the Canton Christian College and was a member of the cabinet of the president of China, until the advent of the present ruler, Yuan Shi Kai, when Dr. Chung was compelled to fly for his life. H. E. House is field secretary for the Canton College, and is thoroughly familiar with conditions in that country. Both speakers were intensely interesting and their talks were much enjoyed. * * *

The second girls' team of the Glassell street school beat the Center street girls' second team yesterday at the Glassell school. The score was 21 to 16.

Thieves entered the wood-sheds of the George King and H. Harlan residences on South Center street yesterday, making away with a quantity of old clothing and other miscellaneous articles.

W. H. Savage, agency manager of the International Life Insurance Company, whose home is in Los Angeles, was a business visitor in Orange yesterday.

W. W. Perry and daughter Gertrude, of East Collins avenue, have gone to Weeping Water, Nebraska, to spend several weeks with relatives and friends.

John W. Morrison left this morning for Ventura county on a stock-buying trip.

Miss Virginia Pomeroy returned to her home in Long Beach this morning, after spending several days at the C. W. Meadows home on South Center street. Mrs. Meadows accompanied her home for a visit.

Mrs. T. H. Shields of Autumnwa, Iowa, arrived yesterday for an extended visit with her son, B. R. Douglass and family.

Floss Hutchinson returned yesterday from Riverside, where she spent the last three weeks.

Chas. Dufford will leave tomorrow for Arch Beach to spend some time. Mrs. Dufford will follow in a day or two.

A big crowd attended a public dinner given at the First Presbyterian church yesterday afternoon.

TUSTIN PERSONALS

Mrs. Charles Eells went to Los Angeles Monday to attend the meeting of the Presbyterians at Emmanuel Presbyterian church.

William Adams' beautiful new bungalow home on the corner of First and Pacific streets is finished, and Mr. and Mrs. Adams are preparing to move in next week.

Mr. and Mrs. J. A. Phinney will spend the weekend at Azusa.

Mrs. J. W. McCullough spent several days in Los Angeles this week visiting her daughter, Mrs. Campbell. Mrs. Grace Frees and son, Ben Frees, and Mrs. Ella Parker of Los Angeles, were given guests of Mrs. Sherman Stevens this week.

Mesdames C. O. Artz, Charles Johnson and Frank Hoffman were entertained at dinner Thursday by Mrs. B. F. Nimm.

Mrs. Mary Gear and her daughter, Mrs. Lella Cronkright, and Mrs. Schlucker of Los Angeles came out last Thursday for a visit to Mrs. Shatto, Mrs. Watson and Mrs. Davis. These friends were all formerly neighbors in Illinois.

Mr. and Mrs. George Hockman from Fremont, Oregon, have been guests of Mr. and Mrs. C. A. Nordstrom this week.

Mrs. W. L. Shatto and her eastern guests, Mrs. Watson and Mrs. Davis, were entertained at dinner by Mrs. Sarah Brown on Wednesday.

Mr. and Mrs. John Holt entertained Mr. and Mrs. Will Ross, formerly residents of Tustin, now living at Hemet. They are making visits in Tustin.

Mrs. Jasper Leck was entertained at dinner Wednesday by her daughter, Mrs. Elmer Crawford, in Santa Ana.

Mrs. Mary Poh is visiting in Santa Ana for a few days.

Mrs. Ray Martin of Long Beach is visiting her mother, Mrs. Nick Guile.

Mr. and Mrs. James Spotswood are visiting their daughter, Mrs. W. L. Grant, in Los Angeles.

Charles Tisdale of St. Thomas, North Dakota, has been visiting Mr. and Mrs. Earl Shoemaker for several days this week.

Charles Freeman, who has been ill with typhoid fever at the Crocker hospital in Los Angeles for several J. C. Isbell has taken the position as bookkeeper with the Tustin Lumber company. Mr. Isbell, his wife and sister-in-law, Miss Gertrude Burkett, Utte.

The next item of business was the question, "Shall We Continue the Mission Study Class?" After earnest discussion as to the wisest decision to make, it was finally decided that inasmuch as the book, "China's New Day," is finished, and those outside of the class who had been expected to become interested in the study have not been able to attend, it was deemed wisest to discontinue the study.

The class then decided to return to their former custom of holding business meetings at the homes of the different members, each one to take her turn, alphabetically. Miss Bentley was the first on the list, and will have the meeting held with her at the Manse on the first Wednesday in March.

Try it the next time you suffer from a cold or the grip. It is inexpensive and very-vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

SOCIETY AND CLUBS

Class Party

Two classes of the Advent Christian church Sunday school were entertained last Wednesday night by Mrs. Vera Squires Shoemaker. There were thirty-eight present who belong to the young men's class and the young ladies' class.

Mrs. and Mrs. C. M. Becker of Santa Ana are among the late arrivals in Tustin. Mr. Becker will be employed at the Barber shop to assist Mr. Williamson, since Mr. Phinney will give up his work there and devote his whole time to the postoffice. Mr. Becker is young and quick and will no doubt be an efficient worker at the barber shop.

Berean Bible.

The business meeting of the Womans' Berean Bible class of the Presbyterian church was held in the social room Saturday afternoon.

Mrs. Marshall, the president, called the meeting to order, and the song, "Somebody Did a Golden Deed," was sung enthusiastically by the class.

The scripture lesson was the Ninety-first Psalm, read by Miss Stone, and was followed with prayer by Mrs. L. A. Cock.

The minutes of last meeting and treasurer's report were read, and approved. The Home department of the Sunday school now being under the supervision of the Berean class, plans have been discussed from time to time for a social to be given to the Home department by the class in order that the members of each may become better acquainted and their interests more in sympathy. This social has been discussed and postponed several times. At this meeting it was decided that something must be done. In order to have the school teachers who are members of the Home department present, the twenty-third of February was finally settled upon as a good date for the social. Washington's birthday coming on Sunday, the twenty-second, Monday, the twenty-third would naturally be a holiday. The social will be held Monday, the twenty-third, in the afternoon at two o'clock, at the Presbyterian church.

Mrs. Charles Eells and Mrs. G. W. Pollard were appointed a committee on program.

Mrs. L. A. Cock and Miss Florence Stone were appointed a committee on refreshments; the class a committee of the whole to go by two's, make personal calls and invite the members of the Home department to be guests at the social.

Charles Tisdale of St. Thomas, North Dakota, has been visiting Mr. and Mrs. Earl Shoemaker for several days this week.

Charles Freeman, who has been ill with typhoid fever at the Crocker hospital in Los Angeles for several J. C. Isbell has taken the position as bookkeeper with the Tustin Lumber company. Mr. Isbell, his wife and sister-in-law, Miss Gertrude Burkett, Utte.

WATER SUPPLY AT EL MODENA AMONG BEST

Splendid Well is Part of System that Gives Ranchers a Necessity

EL MODENA, Feb. 6.—With 13 inches of rain for the season the ranchers are looking for a bumper crop of everything.

The John T. Carpenter Water Company is putting down another well beside the fine one which supplied about 70 inches of water during the past dry season, and that without any appreciable lowering of the water level. This indicates that there is an inexhaustable supply to draw from whenever needed.

The intention is to get everything ready for installing a pump, but not to do more than that at present, as the abundant rains and spreading of the storm waters along the Santiago for many miles above the point of diversion will insure such an abundant supply of water that the present well will probably remain idle during the whole of the irrigating season.

The Directors of the J.T.C. Co. are to be commended in the course they are taking in the matter.

L. W. Evans is also putting down a well on his ranch, which is near the wells of the water company.

The people of El Modena are much interested in the article appearing in the Register recently regarding the Santa Fe's prospect of building a "foot hill" line through here. In carrying out such a project it would show wisdom, as it did in building its line through Orange years ago. Such action would probably hasten the making of the S. P. Tustin branch an electric road. El Modena is on the map, and its location, beauty, climate and resources are demanding the thoughtful consideration of the tourist, the homeseeker and the business man.

The Hewes ranch is working a large force of men in handling its fine crop of navels. The rains prevented this work for some weeks, but everything will be rushed until the crop is moved.

H. M. Gray, who recently purchased the Benson property on Chapman street, is very busy making changes, taking out pepper trees, etc. In fact he will soon have it all in fine shape and appearance.

Mr. Eells, who has been ill at the home of his daughter, Mrs. Wright, in Orange, was at his home again Wednesday.

Job Nichols has re-purchased the bicycle repair shop at Olive. He has a thorough knowledge of the business and as everybody likes Job, success will be with him.

E. S. House has purchased the building occupied by Mr. Reisch on his ranch a mile and a quarter northeast of El Modena, where he has just completed a fine new up-to-date bungalow. Mr. House will move the structure to a lot on Vine street in El Modena, where it will be fitted up for a home.

Mr. Woods is putting up a six-room bungalow on his ranch on North Alameda street.

Concrete mixers are all right, and the one between El Modena and Orange occupies a very prominent place—the east end of the bridge across the Santiago. It is not quite clear to many why it should stand there and compel all vehicles to go around through "Muddy Lovers' Lane," or along Fairhaven avenue a half mile farther south. It is to be hoped that as soon as the mud settles the road to Orange will be completed, or the mixer hauled to one side of the road Harrah for good roads!

SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diaepsin" Makes Upset Stomachs Feel Fine in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diaepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diaepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diaepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

The Santa Ana Athletic Club last night gave an interesting program of boxing and wrestling to a crowd of about 200. It was one of the monthly events given by the club.

In the wrestling Spud Morrison of Santa Ana got two down on Sam Webber of Los Angeles. Bunch got two down on Rider of Huntington Beach, showing some very clever work. One of Bunch's down was with a scissors hold that was as well executed as one could wish.

The boxing matches were for four rounds each. Osterman and Gale, both of Santa Ana, appeared in one match, and Dick Garland met Sherman of Los Angeles. The other participants were from Los Angeles.

"SOME REGARD FOR THE
PROPRIETIES"

Without any desire whatever to thresh over old straw or to arouse sleeping dogs, or to stir up the animals, the Register is impelled to reprint an editorial, under the above heading, from that stalwart Republican journal, the San Bernardino Sun.

When E. E. Keech, Steele Finley and other Progressives objected to the procedure by which the late Republican County Central Committee became the "Progressive County Central Committee," and Fred West and others objected to the objections of Messrs. Keech et al., there were many mutterings on both sides of the fence about "venting spite," and "getting even" and soreness, etc.

The Register believes there was nothing of the kind on either side. Those who supported the plan which was adopted had high precedent in the action of the state committee and the actions of other county committees. But while no foundation for the stand taken by the recalcitrants had thus been laid, evidence that there was good ground for it has since developed.

At least two counties, Fresno and Imperial, followed exactly the course urged in this county by Mr. Keech. Commenting on the actions in Fresno and Imperial, the San Bernardino Sun says:

Progressives of Fresno county seem to be of somewhat different clay from their fellows in this and other counties. At least, they are of somewhat finer sensibilities. The Republican county central committee of Fresno was in the hands of the Progressives, and they might have done as was done here and elsewhere—attempted to put out of existence the legal representative of party organization. They might have adjourned sine die—but they didn't. Instead, they met, and the progressive members of the committee filed their written resignations from the committee, which any committeeman has the legal and moral right to do at any time. But they do not have the legal and moral right to kill the organization they were selected to foster.

Not only so, but the Fresno committee recognize that the funds of the committee, gathered in the name of the Republican party, belong to that party, and when a legal Republican committee is organized following the September primaries, the funds in the hands of the former committee will be transmitted to it. Meanwhile, the Progressives then organized a provisional Progressive committee, and proceeded to do progressive politics.

The difference in methods will hardly fail to be noted. The Fresno people acted legally, they abused no trust, and they finally landed just where they wished to be. Not only so, but they left a sentiment behind them that will not make it difficult to find a way to middle ground when the inevitable time comes that people who have been Republicans must meet again under one banner.

Whether it was Chester Rowell or Chairman M. B. Harris, of the new Progressive committee, or Frank H. Short, the redoubtable Republican who headed the provisional Republican committee since 1912—whoever it was that planned the action taken, can felicitate himself on having thought out a plan which shames the Progressives for what they did at San Francisco when the state committee met and went out of business, setting an example that was followed in many counties, including San Bernardino. There are leaders, and again there are LEADERS.

Since the above was written we learn that a similar plan was followed in Imperial county, Progressives resigning. No one could cavil at that action.

Incidentally and in conclusion, it may be noted that Chester H. Rowell is probably the leading Progressive in Fresno county, in the front rank of state leadership, and that John M. Eshleman, another great state leader, is perhaps the most influential Progressive in Imperial county, and that both these men may be classed among the ablest and most devoted Progressives in the country.

MADRID, Feb. 6.—Reports of dynamite outrages in various parts of Portugal are current here. News censorship is so strict, however, that it is impossible to get details or learn the origin of the trouble, which is attributed to Royalist attempts against the republican government. It is also known that a faction of Republicans disliked those in power. It is believed the movement is part of a plan to overturn the government. Stirling news is expected.

Little Talks On Babyology

BY ANNA STEESE RICHARDSON

Director of the Better Babies Bureau of the Woman's Home Companion

FEEDING THE BABY

(Copyright, 1913, by the Woman's Home Companion.)

The last talk on Babyology set forth the importance of mother's milk for the baby under one year of age, and the equal importance of the mother keeping herself in good condition. A well-nourished mother means a well-nourished baby.

Next in importance to the sort of milk supplied the baby is the regularity of supplying it. How strange it is that we grown-ups who know the bad effects of irregularity in eating think that a new-born child can be fed irregularly without bad effects!

One of the first questions asked a mother at the Better Babies Contest is: "How many times a day is your child fed?"

The variety of replies is amazing. "I don't know." "Whenever he cries." "When he wakes up." "Oh, when I get through with my work."

Naturally babies fed in this way are seldom prize winners. In studying the score cards of prize winners in a dozen states, I find that ninety per cent fed at regular intervals, according to the advice given.

Babies are born hungry. For many weeks they have nothing to do, but eat and sleep. A well known writer on babies says that eating is the only form of recreation babies have. Adult intelligence must decide how often this habit of hunger should be satisfied, bearing in mind that a baby will cry just as hard on an overloaded stomach as on an empty one.

The time to start a baby in regular habits of feeding is the day of its birth. The new-born baby should be nursed every two hours from 6 a. m. to 10 p. m., and once during the night at 2 a. m. Within a week if the baby is normal, the mother should begin nursing it only once in three hours between 6 a. m. and 9 p. m. with the extra nursing at 2 a. m. This means seven feedings in twenty-four hours.

At four months if the baby shows a normal gain in size and strength, according to the Better Babies Standard Score card, he should not be nursed between 9 p. m. and 6 a. m., but should be sleeping soundly. Between 6 a. m. and 9 p. m. he will now have six feedings and this schedule should be maintained until he is a year old.

Many mothers ask contest physicians whether the baby should be awakened to be fed. Physicians seem to agree that baby should never be awakened at night to nurse, and that the healthy baby will wake of its own accord to be fed once in three hours during the day. There are rare exceptions to this rule. For example, when a mother has fed the child irregularly from birth, it sometimes turns right into day, sleeping by day and fretting for food by night. If the child is healthy, normal in every way, then it must be re-trained to waken during the day for nursing and to sleep by night without nursing. This very ex-

ample shows the importance of starting the feeding habits aright from birth, by not nursing more than once during the night.

Another question asked by many mothers who are nursing their babies is: "May I mix the baby's food, giving him an occasional bottle?" Doctors agree that the answer is governed by conditions. Sometimes the mother's milk is not sufficiently nourishing. In that case, under the direction of the family doctor, bottle and breast milk may be alternated. In this way, the baby is gently prepared for weaning. Again, in certain families it may be necessary or advisable for the mother to have a certain amount of freedom from her duty of nursing the baby. The mother's milk will still provide certain elements which baby's system demands, and the bottle may be alternated with breastfeeding, always with a doctor advising as to the food in the bottle.

Doctors agree that the answer is governed by conditions. Sometimes the mother's milk is not sufficiently nourishing. In that case, under the direction of the family doctor, bottle and breast milk may be alternated. In this way, the baby is gently prepared for weaning. Again, in certain families it may be necessary or advisable for the mother to have a certain amount of freedom from her duty of nursing the baby. The mother's milk will still provide certain elements which baby's system demands, and the bottle may be alternated with breastfeeding, always with a doctor advising as to the food in the bottle.

Babyology lays special stress on diet for the bottle-fed baby, so the next article will define the much discussed modified milk and the care of the bottle in which it is served to the baby.

In choosing artificial food for your baby, remember that even physicians differ on this question. Many eminent American specialists for children insist that fresh cow's milk, properly modified, is the only substitute for mother's milk. Foreign authorities recommend goat's milk. And there are other recognized authorities on baby-health who have found it advisable to prescribe for delicate bottle-fed babies a combination of milk and patent food. Not only must the mother consult her family physician on this question, but with the physician she must watch the effect of the food chosen on the baby.

Vomiting, restlessness, sleeplessness and the condition of the bowels tell the tale of food that is not being assimilated. In this connection the inexperienced mother must understand that there are two forms of vomiting in the young baby, or more properly speaking, there is a difference between vomiting and regurgitation, slight to be sure, but worth watching. Regurgitation is merely the overflow of milk when the baby has taken too much. It follows almost immediately upon having the breast or bottle taken away, and the milk is practically the same condition as when it entered the stomach. But when the baby vomits habitually after feeding, and the milk is curdled or tough or sour, there is some

thing wrong with the bottle diet.

The bowels are a sure indication of the way in which the bottle diet agrees or disagrees with the baby. When the passage is hard and bullet-like, when it shows curd or white lumps like cheese, or when mucus is present (a slimy phlegm), or there is diarrhea, the mother may be sure that the food does not agree with her baby and the doctor should be consulted immediately.

No medicine should be given in such cases without consulting a doctor. What the baby needs is not dosing, but the right sort of food, the food its stomach will digest.

At one contest in the midwest the mother of a little prize winner told me that at eleven months, she almost lost her baby. She had changed diet time and time again, varying from certified cow's milk to a well-known patented food. The baby was reduced to a skeleton when the physician decided to try not milk, but cream, diluted with barley water. The change in the baby's condition was immediate, and it continued to thrive without further change of diet.

Mexican Study Class

Those interested in the study of the Mexican people and wishing to gain a better knowledge of their customs, traits and peculiarities that will assist in our dealings with them as citizens, will meet at the home of Mrs. F. H. McElree, 606 Ross street, this evening to organize a Mexican-Study class.

There is no expense necessary in connection with this study. Every body desiring to learn how we can best aid in the education and development of these people are invited to join the class.

ORIENTAL TEA PARTY

Amphion Circle Entertains Miss Crookshank and Ladies of Aid Society

Yesterday afternoon the Amphion Circle of the Congregational church entertained the members of the Ladies Aid Society, the affair also being in honor of Miss Lida Crookshank who leaves for the Orient at the end of the month with Miss Celia Cotter and Mrs. Gertrude Finley. Miss Cotter, a former prominent member of the circle was present yesterday afternoon much to the delight of all.

The members of the committee in charge of yesterday's affair were Mrs. Beales, chairman; Mesdames Calkins, Dabbs, Blake, Fred Chapman, Ewing and Miss Cloyes, and they were responsible for the unique and lovely decorations that transformed the church parlor into a Japanese tea garden. Japanese lanterns, ropes of smilax, caryanthemums, and wisteria were employed in producing the artistic and realistic result.

After the arrival of the guests a program was given. One of the interesting features was a Chinese play written for them by Mrs. E. M. Blake, one of the hostesses. The theme of play was the instruction of Chinese children in American ways. Those taking part were Margaret and Mary Blake, dressed as Chinese children, and Mesdames Dabbs, Cole and Ewing, also in Chinese costume. The clever play was appreciated. Another pleasing part of the program was a Japanese song by a quartet of ladies, Mrs. Neff, Miss Faith Shaw, Mrs. F. C. Rowland and Mrs. A. J. Crookshank, all costumed as Japanese. A violin solo was charmingly rendered by Miss Reuter.

Refreshments of rice with hard sauce, rice wafers, Chinese tea, ginger preserves and Chinese candy were served by the hostesses, who were all most attractive in their Japanese garb.

Coplin-Swall

One of the prettiest events of the season, in Garden Grove, took place last evening at the home of Mr. and Mrs. Chas. Swall, when their daughter Ethel and Keller N. Coplin were united in marriage by Elder N. Carmichael.

The bride and groom took their places under a canopy of ferns and smilax to the strains of the wedding march played by Miss Hazel Gulley of Hollywood. The bride was beautifully gowned in a yellow brocaded charmeuse, covered and draped with shadow lace.

After supper was served the bride and groom left for a short wedding trip, but not without their share of congratulations and rice. The house was artistically and tastefully decorated throughout.

Besides relatives who were present from Hollywood, Los Angeles and Garden Grove, those witnessing the ceremony were Mr. and Mrs. N. Carmichael of Garden Grove, and Mr. Bradley Metcalf of Santa Ana.

Corps Meeting

At the W. R. C. meeting yesterday, many sick calls were reported, bouquets distributed and also many sick members. Mrs. Jennie E. Ballif was taken into membership, and Comrades Baker and Rexford were made honorary members. Both comrades made talk on the Civil War, referring especially to Lincoln whose birthday occurs next week. Committees from both Post and Corps will visit the city schools which will celebrate Lincoln's birthday.

Mrs. Libby Allen was present from Oregon and told of the Corps work there. A good report was made by the treasurer. The monthly tea will be held on Friday, Feb. 13, with Mrs. Bonney and Mrs. Wilson in charge. A good program and refreshments are promised.

BIRTHDAY OBSERVED

Shiloh Circle Meets in Honor of Natal Day of One of its Leading Members

In keeping with the happy custom of celebrating the birthdays of its members, Shiloh Circle, Ladies of the G.A.R., yesterday enjoyed a delightful social time in observing the natal day of Mrs. Lovisa Leslie at her home. The affair took the form of an all-day meeting with a sumptuous dinner served at noon.

In the afternoon a "feast of reason and a flow of soul" was enjoyed, a number of those present making talks in which were mingled wit and pathos and reminiscence. In addition to the talks there were readings by Mrs. Dora Martin, who gave "Fifty Years Ago;" Mrs. Reuben Palmer, who rendered "Under the Shade of Wings," and F. S. Haughawout read a poem, "Mother's Fool." Impromptu talks made by Judge Langley, J. S. Brooks, Mrs. Hannah, and Mrs. Leslie, the honoree of the occasion. The afternoon added another to the pleasant sheaf of pleasant memories which Shiloh Circle members have garnered in their social and fraternal associations together.

Those present were Mr. and Mrs. Reuben Palmer, Mr. and Mrs. Jasper N. Martin, Capt. and Mrs. O. H. Maryatt, Mr. and Mrs. F. L. Sexton, Judge and Mrs. E. T. Langley, Mr. and Mrs. G. W. Baker, Mr. and Mrs. Will Dinehart, Mr. and Mrs. J. S. Brooks, Mr. and Mrs. J. T. Standing, Mrs. Hattie Smith, Mrs. Mand Wallace, Mrs. Ellen Martin, Mrs. Hannah McKean, Mrs. Louisa Parker, Mrs. Lydia Hannah, Mrs. Hannah Dwyer, Mrs. Scribner, Mrs. Leslie, the guest of honor; Misses Leila Leslie and Kate Wendelken; Messrs. D. Palmer, O. M. Heffner, M. Hungerford, Thos. V. Davis, F. S. Haughawout, C. S. Shaw.

"First Aid to the Injured"

One of the most interesting meetings held by the Second Section of Ebel's Household Economics was that on Wednesday afternoon at the C. F. Cross home, 301 Cypress, with Mrs. C. Rowland as hostess. The ladies of the committee in charge of the program were Mrs. Rowland, Mrs. J. P. Hatfield and Mrs. Fred Parsons. The subject considered was "First Aid to the Injured," and the ladies of the committee were dressed as nurses.

Mrs. Parsons talked on antitoxins as poisons, dwelling on such remedies as are usually found in the household. Mrs. Rowland demonstrated the applying of bandages at wrist, elbow and ankle, and Mrs. Hatfield read a paper on the use of the pulmutor in resuscitation from drowning. The papers and demonstration were most interesting, being out of the ordinary. Roll call responses were along the line of the subject, the members of the class asking questions, and the information given by the instructors was freely discussed.

A social hour followed the study period, and light refreshments were served on small tables. There was a good attendance of the members of the section.

Rev. Staff Resumes Duties

Rev. Fred Staff and family will return tomorrow from Newport Beach, where they have been spending several weeks on account of the illness of Mr. Staff. Mr. Staff has sufficiently recovered to be able to resume his duties as pastor of the First Congregational church. He will preach at both services on next Sunday, and will hereafter fill the pulpit on each Sabbath.

Mr. Staff suffered a nervous collapse following insomnia, from which he suffered in the East, but the complete rest at Newport, with the health-giving sea breezes, have caused practically a complete recuperation. His congregation and friends will rejoice over his marked improvement, and he will be warmly welcomed on his return.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH; OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus drowsing into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm," and your cold or catarrh will surely disappear.—Advertisement

Christian Endeavor Social.

The Christian Endeavor social and Japanese play Monday night at the Presbyterian church was attended by about 150 Endeavorers and others, whom they had invited. The church was prettily decorated and the seats invitingly arranged for the reception of guests. Just inside the entrance at one side a table had been arranged with Japanese decorations, where Misses Emma Thorman and Irene Griset, attired as Japanese girls, dispensed tea and wafers, while the guests were assembling.

The program was opened with a Japanese song sung by Mrs. Arthur Hoeffer and continued with a play in five acts given by a company of Japanese from the Japanese Mission church of Santa Ana. The play was a tragic one and had many complications, illustrating some of the customs of Japan. Being all in the Japanese language, it was exceedingly novel and interesting to the young people.

About a dozen Tustin girls were dressed in Japanese costumes, carrying parasols. A prize had been offered to the one who looked the most like a real Japanese girl. The prize, a Japanese doll, was won by Miss Anna Carson.

After the play and contest all were invited to the social room where delicious ice cream and cake were served.

Government-Owned Smoke

Citizens of these United States who yelp for government ownership of every industry that displeases them ought to live in France a while in order to get acquainted with a horrid example of what political paternalism really means.

In the French republic the government controls the sale of tobacco, which is famous for its infamous quality. Instead of improving the cigarettes and cigars sold, the authorities occasionally soothe consumers by inclosing various presents in the packages of smokables.

This is sometimes adding insult to injury, however, for the tobacco is sold according to weight. Recently, when a certain brand of cigarettes was accompanied by a heavy shoe buckle the worm turned and kicked. At the "Direction des Tabacs," however, the officials have all the hauteur of the American political appointee, and the kicker was asked coldly if he expected a pair of shoes for ten cents.—Wall Street Journal.

What is Migraine?

Many of the old authorities consider migraine as a kind of "brain storm" without the loss of responsibility. It is a near relative to epilepsy, though fortunately not so hopeless.

At a recent meeting of the Physicians' Club of Hamburg Dr. Auerbach announced that after prolonged study he had come to regard migraine as a general symptom due to the fact that the cerebrum on a given side was too large for the cranium.

If this be the real basis of the trouble, then any nervous disturbance will bring on the crisis in the brain.

The truth of the idea has not yet been demonstrated, but as migraine is so common many physicians may be able to test the idea.

In the course of the discussion many suggestions were made.

Proof of Turtle's Loneliness

Frank Bentler, son of Peter Bentler, strolling along a run near his home at Monongahela, Pa., picked up a live turtle with the following inscription carved on its shell: "Henry Ballantine Bentler, June 3, 1864."

When young Bentler showed the turtle to his father, Pressley Bentler, the latter remembered that the turtle had been seen on the farm three times since his son's great-great-grandfather carved his name on its back 109 years ago.

A Compromise

A partner in one of the theatrical-producing firms in the city of New York had occasion to hire an actor to play a small part in a drama he was putting on. A rather well-bred actor, who values himself and his art with a proper appreciation, applied for the place.

"You play a full-blooded Sioux Indian," explained the manager. "The salary is \$50 a week."

"My dear boy," said the actor in a pained tone, "I've never worked for less than \$100. A hundred dollars is my regular price."

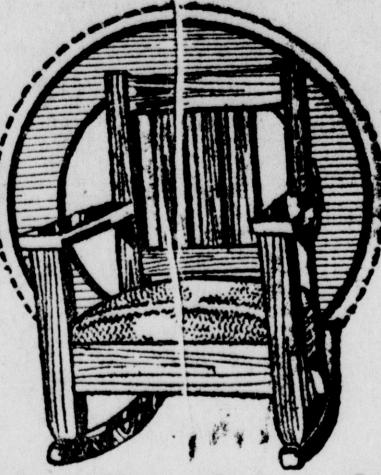

"Fifty dollars!" said the manager calmly. "Take it or leave it."

"I'll take it," he said, "but I can't play a full-blooded Indian for \$50. I'll play him as a half-breed."—Saturday Evening Post.

WOMAN UPHOLDS POLITICAL MACHINE

Mrs. Gertrude Lee of Colorado Says Machine Only Can Win for Party Principles

DENVER, Feb. 6.—"I am a machine politician. By machine, I mean not a corrupt body but an organization pure in principle and certain in purpose."

So spoke today Mrs. Gertrude M. Lee, the first woman in the United States to become chairman of a state central committee of one of the principle political parties. Mrs. Lee who was vice-chairman of the Colorado Democratic central committee, took over the chief executive office of her party in this state when Chairman George M. Brady resigned.

Mrs. Lee is preparing a strenuous program for herself during her term of office.

"A machine—in other words a forceful and harmonious organization—is the only factor which can assure the success of a party," she said today. "I believe in the party above the man. The candidate should be pledged to certain principles and after that the individual equation should be eliminated."

"My aim will be to organize our party and to see that Democrats are returned to office in the next election. We cannot afford to let a Republican succeed Senator Thomas when his term of office expires."

"I intend to visit every county in the state and learn the true political conditions. I do not propose to take anybody's word for it by mail or long distance that 'everything is going fine.' We cannot afford to do that. We must be sure. I shall try to reorganize local committees everywhere in the state and have the movement started right."

"One of the greatest of my aims will be to bring the majority of the women of Colorado under the Demo-

Helen Prettychild—"Come on, girls, let's play house. First, we'll wash our dollies' clothes. Buddie, you go ask Mama for a teeny little piece of Fels-Naptha Soap and a basin of lukewarm water. That'll make the clothes nice and clean."

Anty Drudge—"Yes, children, always remember when you grow up and do keep house for real that Fels-Naptha Soap is your best friend!"

Over a million women are doing their work with this strength-saving, health-saving soap every day in the year.

Fels-Naptha does better work more quickly than it was ever done before. It washes clothes clean, sweet and white. It takes out stains of all kinds, dissolves grease and makes china and glassware glisten. It does all kinds of work in cool or lukewarm water, without hard rubbing or scrubbing.

CENSOR COMMISSION'S POLICY IS SUBJECT OF DISCUSSION AT PARENT-TEACHER ASSOCIATION

The Censor Commission yesterday made the first public statement it has made concerning its aims and policy. The statement was made at the meeting of the Parent-Teacher Association of the Polytechnic High School in reply to an address by Attorney E. E. Keech in which the speaker pointed out the fact that many undesirable films are shown, and that in face of the fact that there is a Censor Commission, C. E. Jackson and T. E. Stephenson, members of the commission, declared that the commission has done its work quietly, without the blast of trumpets, and that in time the good effects might be more noticeable to the general public than now.

On one thing all agreed, and that was that censorship of moving pictures should be at the source. A film comes to a town, and is shown without anyone knowing what it is until it is run off on the screen at the playhouse receiving it. If it is stopped, the same difficulty may arise with the next film. Keech urged that there should be state legislation so that no film could be shown anywhere in the state until it has been passed upon by a state board of censorship.

The question under discussion was worded as follows: "Do you think a teacher should unconditionally recommend the moving picture and vaudeville shows as they are given in this town? Socially do you think they are the best we could recommend to build a pure social nature in a boy or girl of 13, 14 or 15?"

Keech answered the question in the negative. He said he went to the moving pictures often, and had seen many splendid things, educational and entertaining, yet sometimes, quite often in fact, he saw films that were very distasteful, and he was confident, in violation of the city ordinance on censorship. He said he did not blame the censor commission, as the job was thankless, endless, and one in which it was difficult under present conditions to accomplish anything, owing to the fact that censorship is at the wrong end of the line. Keech gave an illustration of a film that he said was distasteful and in violation of the city law, a case where an attempted safe-breaking and suicide were involved.

C. E. Jackson, chairman of the commission, and T. E. Stephenson discussed the situation. Mrs. O. M. Robbins, the third member, was unable to be present. In short, the position of the commission is as follows:

The commission has gone about its work with a desire to do the most good in the best way. There were two ways of proceeding, one the strong-arm method by which every theatrical manager would be prosecuted on every provocation, and the other the co-operative method, by which the commission and managers work together to better conditions. The commission selected the latter method, especially in view of the fact that should a fight on the ordinance be made in the courts it might be knocked out entirely. The ordinance is not at all clear on moving pictures, and possibly a court would hold that the section that is intended to give the commission jurisdiction over moving pictures in reality gives it jurisdiction over billboards, posters, etc., only.

The commission's powers are limited to the ordinance. A film might be very distasteful, and yet not be in

SPREADING OF STORM WATERS AS STORAGE OF SUPPLY FOR SUMMER PROVED SUCCESSFUL

In the Banning section a movement is under way to spread storm waters as a means of storage for use in summer. This method has been proven successful in Orange county in Santiago canyon, where the supply of water available for use by El Modena and Villa Park ranchers has been greatly increased by the spreading of winter waters upon the bed of the canyon.

It is declared that, as a result of the experiment inaugurated in the San Bernardino Valley in 1908, involving the same proposition with the Santa Ana river and the Santa Ana wash, the flow of water in every well in that country was raised about six inches, and in addition there was an abundance of water for every purpose. Eight sections of land were withdrawn from settlement for that project.

It is estimated that in the course

of its long journey, during nine months of the year, underground, and scarcely visible to the naked eye over most of the distance, that the Santa Ana river is directly responsible for the employment of more labor, for the establishment of more homes, for the production of more net actual wealth, than the Mississippi, after figuring on the damage by floods of that mighty stream.

By the plan now in operation the Santa Ana river is used seven times to turn the wheels of development and water the great agricultural region. It has been employed to turn every wheel and light every electric bulb in the San Bernardino Valley, used to irrigate lands at Redlands and vicinity; used for a third time at San Bernardino, a fourth time at Colton, a fifth time at Riverside, a sixth time at Rincon and a seventh time at Santa Ana.

\$14,000,000 FOR BUILDINGS

PHILADELPHIA, Feb. 6.—Fourteen millions of dollars will be spent by Philadelphia in the erection of public buildings to comprise what is claimed will be the most notable group of municipal structures in the world, according to plans nearing completion today. Starting at the city hall the buildings will be erected along a broad parkway with the municipal art gallery at one end and a temple of justice at the other. Other structures will be a central library, central manual training school, Franklin institute, American Philosophical Society building and a school of industrial art. The municipal art gallery and the temple of justice will cost \$3,000,000 each, and the central library \$3,500,000. The school of industrial art is to cost \$1,000,000.

—Dr. J. W. Shaul will be in his Los Angeles office forenoon; Santa Ana office, 2 to 5 p. m., and by appointment.

violation of the city law. Even though not in violation of the law, the commission is confident that by the co-operative method an undesirable film would be taken off the screen here.

If the ordinance applies to moving pictures, it has only this: It prohibits pictures (the ordinance does not say moving pictures) "in which there is represented, illustrated or depicted the killing of any person or any murder scene or the commission of any crime or public offense or any representation of any prize fight or boxing contest," with exceptions as to subjects coming under the heads of history, art and classical literature.

The theatrical managers have all been given copies of the ordinance, and the matter has been discussed with them, and they know that the commission means business, but desire to be fair with them and their difficulties.

The commission knows that considerable has been accomplished, but does not believe it necessary to go into that phase of the subject. The commission will not and cannot act upon mere suspicion.

Jackson called attention to the fact that a good many boys ran the streets at night and got the habit of staying out late.

The association met at the high school with a large attendance of parents and teachers present. The meeting was presided over by the president, Mrs. Winbiger. Mrs. Tedford reported for the committee appointed to decide on some decoration for the music room of the poly high. She stated that they had decided that a curtain for the stage would be most appropriate. Miss Eley was added to the committee and they were to decide on the ways and means of raising funds for purchasing the curtain. Mrs. Biggs gave a short report of the County Federation that recently met in Anaheim. The high school orchestra played two splendid numbers, and was heartily encored. The orchestra is under the direction of Miss Eley. The following program was given:

The first question discussed was led by Miss Rosamond Norman. "Our last freshman reception was a complete success from the standpoint of both pupils and teachers. Why?"

Second. "Do you consider the Athena and Webster clubs as sufficient school social features?"

The second series of questions were: "Should the high school be expected to furnish most of the social life of its pupils?" "What we parents have a right to expect the high school to do in a social way?" The high school should give such social life as to develop clean, cheerful, kind and thoughtful children. It should not allow snobbishness. These questions were answered in a splendid paper by Mrs. Gazelle S. Sharp, and it was requested that this paper be given to the press.

The following committee was appointed for the next meeting: Mrs. Darnell, Mrs. Evans and Miss Gowdy. The meeting will open promptly at 3 o'clock.

Housekeepers' Alliance Plans to Educate its Members in Home Economics

WASHINGTON, Feb. 6.—"An ignorant mistress makes an indolent servant." Holding this truth to be self-evident, the Housekeepers' Alliance of Washington has undertaken the education of its 200 members in household economics, as a part of its general scheme to solve the servant problem and incidentally keep the cost of living within reasonable bounds. It has organized a "reference circle," which will meet once a month. Here each member will bring her domestic problems for analysis, and the bride may learn from the experience of the woman who has celebrated her silver wedding.

A Potpourri of News and Views

From the Los Angeles Financial News

Oil Out in 1913

From the oil fields of California during the year 1913 there were produced 98,000,000 barrels of crude petroleum, the largest output in the history of the industry of the State. By months the production in barrels was as follows:

January	7,566,789
February	7,207,198
March	7,986,407
April	7,927,041
May	8,049,715
June	8,030,111
July	8,427,081
August	8,812,793
September	8,655,000
October	8,236,649
November	8,367,151
December	8,500,000

The official figures for December are not yet available, but every indication is that the output for that month will exceed the estimate rather than fall below it. This record is a wonderful one. It is almost as much as the entire production of the United States was ten years ago, for in 1903 the total output for the country was 100,461,337 barrels and more than half as much as the gross output was in 1909.

Producing wells December 31 in the State numbered around 5600 active, and idle producers about 1600. Compared with December 31, 1912, this shows a decrease in the number of active producers of more than 200, and an increase in the number of idle producers of over 700. The production for the year 1913 largely exceeded the outgo, with the result that a large number of producers were capped to shut off production. With the increased demand now for fuel oil on the sea, and the probability of a better price for the product these wells are likely at an early date to again become producers.

Imports Show Increase

At the port of New York in 1913 duties aggregated \$204,261,127 and miscellaneous receipts \$5,43,055, a total of \$209,694,182, compared with \$212,961,988,16 in 1912. Imports of gold and silver in 1913 were \$48,693,499.

Domestic imports totaled \$115,854,039, compared with \$86,546,694, and foreign exports \$6,091,891, against \$7,399,633. Imports of merchandise in 1912 were \$911,100,438, against \$1,068,296,330 for 1913 and exports of domestic merchandise were \$899,070,148, against \$849,102,494 and exports of foreign merchandise totaled \$106,096,822, against \$17,200,612. Merchandise withdrawn from warehouses totaled \$121,180,713, against \$92,247,864.

Sugar Negotiations End

The American Sugar Refining Company and the Department of Justice have failed to reach an agreement regarding demands for a reorganization of the alleged trust and the suit, it is said, will be pushed by the Government. Negotiations have been going on for two months. In the bill filed against the Sugar Company the Government held that it controlled about 72 per cent of the total output of refined sugar in the country, exclusive of the beet sugar product, and that its percentage of the beet sugar produced was about 64 per cent of the total. The bill asked that the American company, the National Sugar Refining Company of New Jersey and the Great Western Sugar Company be found unlawful monopolies and that the community of stock interest held to exist between them be broken and enjoined.

Los Angeles Bank Clearings

Bank clearings for the first eight business days of 1914 in Los Angeles were \$31,629,386.80, a decrease compared with the same period in 1913 of \$866,867.80, and an increase of \$4,847,168.32 compared with a like period in 1912. The details follow:

	1914.	1913.	1912.
Friday, 2	\$ 4,594,960.72	\$ 5,798,771.26	\$ 3,777,022.32

Wealthy Woman Deported

Protesting that "she would have received more civility in darkest Africa," than was accorded her here, Palamara de Treschow, 50 years old, said to be a member of the Danish nobility, was deported, says a New York telegram, by the immigration authorities on the liner Santa Maria, bound for Jamaica, on the ground she is not mentally competent. It is said she has a fortune of \$5,000,000, her family being the largest land holders in Scandinavia.

Sues for Millions

The German Potash Syndicate is to bring suit against the Imperial Chancellor to recover \$2,000,000 forming the so-called "propaganda fund" for advertising the merits of the German fertilizer at home and abroad. The fund was raised by imposing a tax on all potash mined in Germany under the law of 1910.

Cost to Capture Bandits

To capture the bandits who held up the Blythe bank and killed the cashier cost Riverside county \$1258.60. The murderers will be sentenced next Wednesday.

Manufacturers Optimistic

As an evidence of the revival of business and the optimistic feeling that prevails in the manufacturing districts in the East, 10,000 idle men have returned to work this week in the Pittsburgh district, due to the reopening of big plants.

Potash Agreement Extended

The German potash syndicate, through its American representative in New York, A. Vogel, announces that the syndicate agreement would be extended to 1925. The syndicate controls the potash mines of Germany and has maintained price levels by restricting output.

The Government will erect at San Diego the largest wireless telegraph station in the United States for the Navy Department. The four steel towers will each be 600 feet high.

MANY IMPROVEMENTS HAVE BEEN MADE ON EAST NEWPORT LOTS

EAST NEWPORT, Feb. 6.—Many improvements are to be seen going in throughout East Newport. Work on the improving of several streets and alleys is being done in the line of resurfacing. The erection of the W. G. Fraser home on the ocean front is being rushed as rapidly as possible, and J. C. Baxter, a well-known banker of Upland, is making several improvements on his residence on the bay. Another new house was started this week on Bay avenue, between Second and Third streets.

PLACENTIA CANNING COMPANY IS LOOKING FOR TOMATO ACREAGE

Placentia Courier: The Placentia Canning Company held a meeting of its directors and stockholders Tuesday. The report of business done since the cannery started was very satisfactory and plans were made for increasing largely the capacity of the cannery next year if enough tomato acreage can be contracted for.

The cannery expects to pay a good price for tomatoes next year and it is the experience of growers who have kept track of it that it has paid them much better to sell their entire output to the cannery than to try to dispose of part of their tomatoes to the vegetable companies besides far less trouble and expense of handling.

The cannery is now ready to contract with growers for their acreage next year and all who wish to grow tomatoes the coming season should see Mr. Stevenson, the manager, at the cannery at once. He is there every day and will be glad to close contracts for next year's crop.

The management is anxious to sign up acreage so that they may know at once to what extent the plant must be enlarged for another season. They want at least 140 acres. This will enable them to put up 600 cases every day for a run of about 45 days on two eight-hour shifts. They can readily sell all the tomatoes that can be canned and more. The Placentia tomato is the best on the market and the supply is far behind the demand.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

"JURETTES" CONTINUE PROBE REDWOOD CITY, Cal., Feb. 6.—California's first women grand jurors those of San Mateo county, like their work so well that they are going to keep it up, even if they must do so in an unofficial capacity. As a preliminary step, plans were completed today for the organization of a county committee of women to investigate everything that looks like it needs investigation.

The leader in the movement is Mrs. Racine McCroskey, who was a member of the jury. The other jurettes are also included as are many well-known San Mateo county women who had not the good fortune to serve on the inquisitorial body. While the women's future investigations will be extra-legal, the leaders say they will be extremely thorough and that by the time they are concluded San Mateo county will be thoroughly purified. Judge Buck suggested such an organization when he discharged the jurettes recently.

Los Angeles Produce Market

In the face of extraordinarily heavy receipts for the last week, California creamery butter dropped 2 cents yesterday. The jobbers' quotation declined from 31 to 29 cents, thus reducing the wholesale figure from 35 to 33 cents.

It is said that never before at this season of the year has there been so much butter received in Los Angeles as at the present, and it is declared by some dealers that in view of the heavy production in all of the dairy sections of Southern California, and with the abundance of pasture and green feed resulting from the recent rains, the quotation is due to come down still further within a short time.

Yesterday's receipts of eggs were the heaviest since the early fall, but no change in the prevailing quotation on fresh ranch eggs resulted.

Another shipment of Imperial Valley green corn was received yesterday and placed on sale to the trade at 75 cents per dozen. The first consignment found a ready market.

A small quantity of late strawberries from the Gardena district were seen in the market yesterday, priced at 20 cents per box.
